CITY OF Delta

September 4, 2025

Dear Resident,

Re: Annieville Lions Park: Draft Master Plan Community Engagement

The City of Delta invites you to take part in the second phase of community engagement for the Annieville Lions Park Master Plan.

Thank you to everyone who shared feedback during the first engagement in Summer 2024. Your input helped shape the Draft Master Plan, which focuses on renewing park infrastructure, protecting existing trees, and creating a welcoming, accessible space for all. The proposed design balances active recreation with open green areas and reflects what we heard from the community. A description of the key features is provided below:

Key Features of the Draft Master Plan:

Central Park Hub

- Modern, fully accessible washroom/fieldhouse
- New fenced spray park with an underground water collection tank to recycle run-off water
- Multi-use games area with four pickleball courts, one tennis court, full basketball court, half basketball court, and spaces for mini-hockey and ball hockey
- Outdoor fitness equipment and parkour elements (obstacle course)

Community Plaza

- Connects central park hub to overlook deck with views of Bob Bunnett Field
- New picnic shelter
- Flexible space for markets, food trucks, and events

Baseball Facilities

- Bob Bunnett Ball Field: new backstop, bullpens and Challenger dugouts that are inclusive and accessible for all players
- Upper ball diamond: new backstop
- Upgrades to support tournaments

Accessibility

- Wheelchair accessible paths throughout the park
- Inclusive spray park features and furniture
- Path connection from 112 Street to the park, through to 114 Street

Get Involved

- View the Draft Master Plan online: **LetsTalk.delta.ca/AnnievilleLionsPark**
- Complete a feedback form online before **October 6, 2025**.
- Share your thoughts in person at an information session in the park (by the picnic shelter) on **Thursday, September 25, 3:00 pm – 6:00 pm.** The City is offering free cotton candy to the first 50 people to attend.

We look forward to hearing your thoughts!

If you have further questions, or if you would like to discuss any aspect of this project, please contact our office at 604-946-3293 or *AnnievilleLionsPark@delta.ca.*

Yours truly,

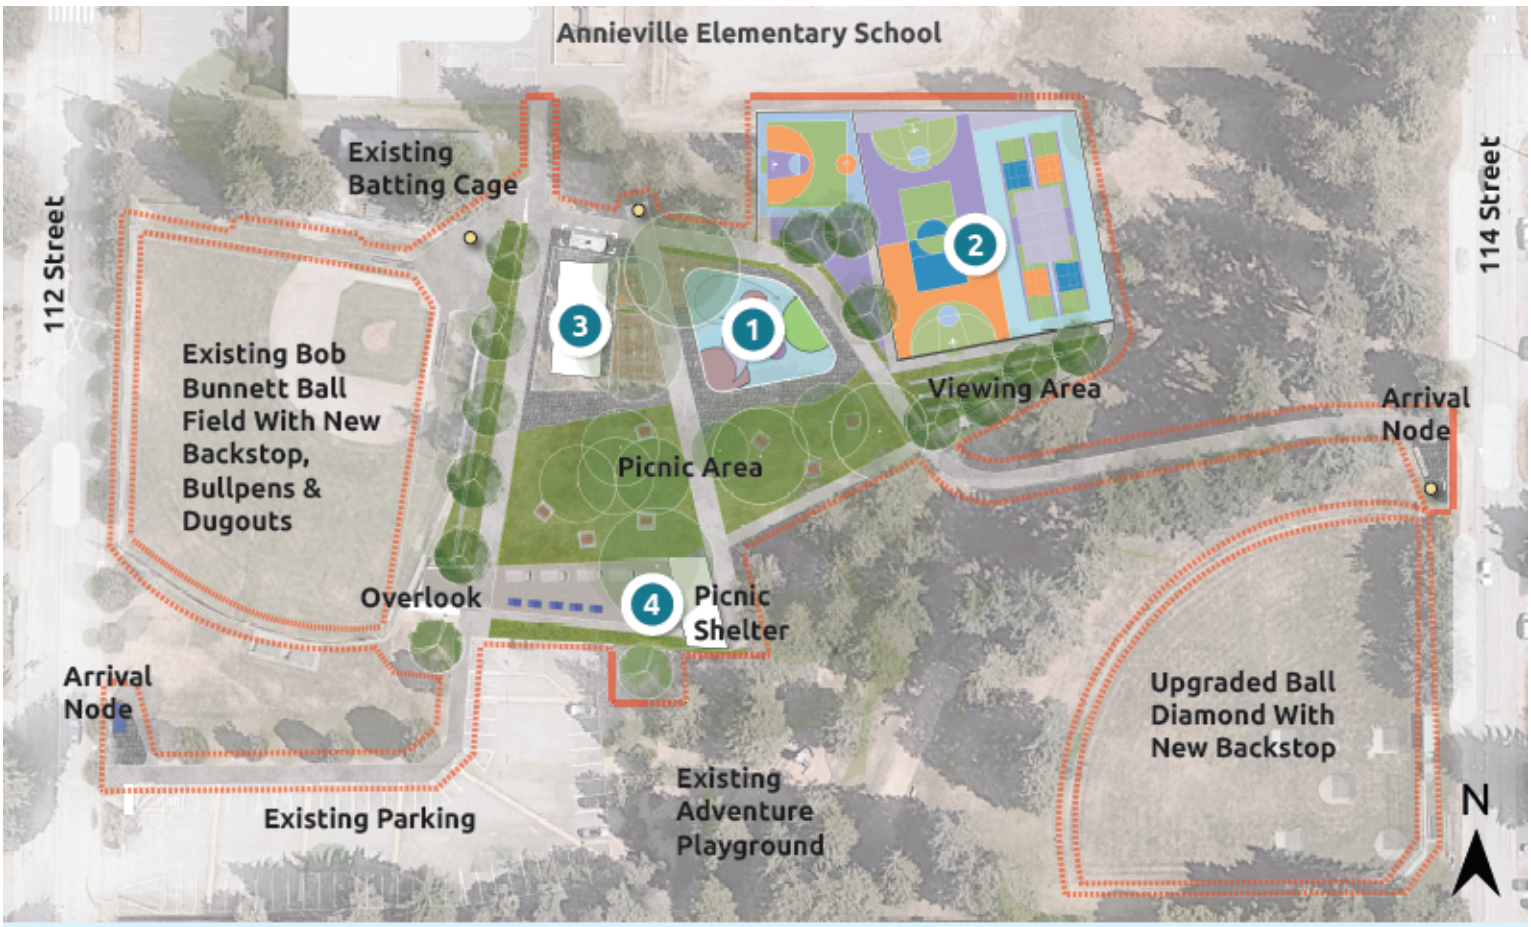

Danielle Rancourt
