To: **Council** File No.: **6120-02**

From: **Parks, Recreation & Culture Department**

Date: **November 21, 2025**

Annieville Park Master Plan Update

The following report has been reviewed and endorsed by the City Manager's Office.

- **RECOMMENDATIONS:**

A. THAT the Annieville Lions Park Master Plan – Phase 2 Engagement Report, Attachment A, be received for information.

B. THAT the Annieville Park Master Plan, Attachment B, be endorsed generally as presented.

C. THAT staff be directed to issue a Request for Proposals to retain a design consultant team to complete the detailed design and prepare for construction of Annieville Park.

- **PURPOSE:**

The purpose of this report is to provide an update on the Annieville Park Master Plan and to seek Council's endorsement to proceed with detailed design and preparation for construction.

- **BACKGROUND:**

Annieville Park ("Park") is a valued community space that has served the historic Annieville neighbourhood for many years. Located at 9150 112 Street in North Delta, the 3.36-hectare park is situated adjacent to Annieville Elementary School and approximately one kilometre from the developing high-density Scott Road Corridor, positioning it as a key open space within a growing community and evolving urban landscape.

The Park is a popular venue for passive use and family gatherings and is particularly known for its strong connection to community baseball. It currently features a splash pad, picnic shelter, two ball diamonds, batting cage, two tennis courts, a fieldhouse with restrooms, wooded areas, parking, and a natural play space. Several amenities, including the splash pad and fieldhouse with restrooms, are nearing the end of their operational life and require replacement.

Annieville Park Master Plan Development Process

The Annieville Park Master Plan ("Plan") process began in spring 2024 with site analysis, historical review, and identification of key priorities. The consulting firm, WSP was engaged to support development of the Plan and community engagement efforts. Preliminary design concepts were prepared to address these priorities and presented to the community during Phase One of community engagement in summer 2024. Feedback from this phase informed the development of the draft Plan, which was presented to, and endorsed by Council at the July 7, 2025 Regular Meeting prior to the Phase Two engagement.

- **DISCUSSION:**

Community Engagement Update

The second phase of engagement was carried out from September to October 2025 to inform residents about the draft Plan, confirm its overall direction, and to gather final input. An Engagement Report is attached summarizing the process and key themes of Phase Two.

The City of Delta ("City") received 95 completed feedback forms. A total of 66 residents attended the in-person open house, including representatives from the North Delta Lions Club and Cougar Creek Streamkeepers. In addition, the project team met with representatives from the North Delta Baseball Association and the Mobility and Accessibility Committee to discuss the draft Plan. Feedback from these interest groups and the public engagement process has been included in the summary of key themes below.

The final Master Plan presented in this report remains broadly consistent with the draft Plan endorsed by Council at the July 7, 2025 Regular Meeting. Minor adjustments have been made based on community and interest-holder feedback as detailed below, and updated budget estimates remain within the project budget.

Key Themes and Plan Updates

<u>Pickleball</u>
Feedback was divided regarding the inclusion of pickleball courts in the Plan. Opponents of pickleball expressed concerns about noise, parking, and impacts on the peaceful, family-oriented atmosphere, as well as nearby homes, school and daycare. A petition signed by 257 residents (Attachment C) opposed the inclusion of pickleball, emphasizing a desire to prioritize park amenities for local families. Similar concerns were shared during the in-person event discussions and in the feedback forms with 18 responses. Supporters highlighted pickleball's popularity, social benefits and need for more courts in North Delta. Through the feedback form, the City received 31 requests for pickleball, including 27 requests for dedicated courts.

Based on the community's feedback to preserve the Park's quiet, family-oriented character, pickleball courts are not included in the proposed Plan. The majority of feedback from pickleball supporters indicated a preference for dedicated pickleball

courts rather than shared facilities and noted that courts within a multi-use area would likely see limited use. Dedicated pickleball courts were explored but determined to be incompatible with the quiet character of the Park. The City will continue to explore opportunities for dedicated pickleball facilities in North Delta through future planning initiatives under the Parks, Recreation & Culture Master Plan.

Tree Retention and Water Infiltration

Retention of existing trees was a recurring theme throughout the engagement process. Many residents expressed a strong desire to preserve the mature trees that contribute to the Park's natural character and provide natural shading for Park users. In response, the Plan has been refined with the goal of retaining all existing trees with the addition of 14 new trees.

Feedback from the Cougar Creek Streamkeepers highlighted the importance of protecting the Park's mature cedars by ensuring adequate water infiltration. In response, staff will explore opportunities to improve water infiltration and irrigation throughout the Park, including rain garden features and the collection of spray park runoff in an underground tank for harvesting.

Washroom Fieldhouse Building

The proposed washroom fieldhouse was another topic frequently raised. Both the North Delta Baseball Association and the North Delta Lions Club requested that the new facility include storage space and a meeting room. Feedback also indicated a desire for the concession and additional washroom fixtures to accommodate tournaments. In response, staff will prioritize the inclusion of storage, a concession, and accessible washrooms, and will review the feasibility of incorporating a meeting room through the detailed design phase of the building.

Seating Opportunities

Engagement participants expressed interest in more benches, picnic areas, and shaded seating. In response, the Plan has been refined to include additional seating throughout the Park and a second picnic shelter. Based on feedback from the North Delta Lions Club, the accessible swing will be relocated closer to the existing playground along the new pathway connecting to 114 Street.

Field Upgrades

User group feedback highlighted the need to improve outfield drainage at Bob Bunnett Ball Field, add bleachers, install a permanent outfield fence on the upper ball field, and expand the existing batting cage. The Plan has been refined to include outfield drainage improvements at Bob Bunnett Ball Field, new bleachers and a permanent outfield fence on the upper ball diamond. Opportunities to partner on an expansion of the batting cage will be explored with the North Delta Baseball Association through the City's Community Collaboration program.

Accessibility

Public, User Group, and Mobility and Accessibility Committee feedback highlighted the critical importance of improving accessibility throughout the Park. The Plan will provide accessible circulation routes throughout the park, providing a barrier free route across the site and to all park amenities. Accessibility considerations will be incorporated in the

detailed design phase for key amenities such as modern accessible washrooms in the fieldhouse, Challenger baseball dugouts, accessible picnic tables, and inclusive and accessible spray park features. In addition, the existing wheelchair accessible swing will be relocated to a prominent location along a new accessible path near the existing playground.

Next Steps

Following Council's consideration of the recommendations, staff will issue a Request for Proposals to retain a design consultant team to complete the detailed design and prepare for construction at the Park. Staff will report back to Council with an update on the final detailed design, cost estimate, and construction implementation plan in late spring 2026. Construction is anticipated to commence in fall 2026 and will be completed in a single phase with an estimated project cost of approximately $7 million.

Implications:

Financial Implications - Total funding of $7 million for implementation of the Annieville Park Master Plan project has been included in the Financial Plan.

- **CONCLUSION:**

The second phase of community engagement provided valuable input that helped confirm the overall direction of the Plan and refine key design elements. Feedback emphasized the community's desire to preserve the Park's quiet, family-oriented character, protect mature trees, and enhance comfort, accessibility and recreational experiences. The insights gathered from residents and key community groups have directly informed the final Plan and will continue to guide design development as the project advances to the next phase.

ANNIEVILLE LIONS PARK MASTER PLAN | October 2025

Engagement Report

Engagement Need

The Draft Master Plan for Annieville Lions Park focuses on renewing aging infrastructure, protecting existing trees, and creating flexible spaces for a variety of uses. Goals include improving accessibility, enhancing the arrival experience, and strengthening park connections. Last summer, the City of Delta completed the first phase of engagement on the Annieville Lions Park Master Plan, inviting feedback from the community on possible concepts. Building on the feedback received, a second phase of engagement was completed to confirm the direction of the Draft Master Plan. The following report summarizes the feedback received for Council's consideration.

Engagement Snapshot

How We Informed

- **495** Visitors to the project website
- **1** Newspaper Ad
- **8,100** Social media reach
- **1,301** Letters to residents

How We Engaged

- **95** Feedback forms submitted
- **3** Meetings with Community Groups

Who We Involved

The focus of this phase of engagement was to confirm the direction of the recommended plan and key community groups. Staff are scheduled to consult with the Mobility and Accessibility Committee (MAC) on the design's accessibility features at their next meeting in November 2025 with the goal of incorporating recommendations in the detailed design as implementation proceeds.

What We Heard Summary

The following are the key findings from these activities.

Continued on next page.

Theme	Summary
Overall Direction	Advocacy for and opposition to pickleball facilities in the park was significant in the feedback on the overall direction of the Draft Master Plan. Out of 95 responses from the online feedback form and in-person event, 42 participants said the design "looks great," 38 participants felt it "could use some tweaks," and 15 participants said it "needs more work". Among those who felt the design "could use some tweaks" or "needs more work", pickleball emerged as the most discussed topic from 42 of the responses provided, with mixed opinions about its inclusion in the proposed multi-use games area.
Pickleball	Opinions were split on the four pickleball courts proposed. Opponents expressed concerns about noise and parking impacts on the quiet, family-oriented character of the park, as well as nearby homes and the school/daycare. Many participants want to prioritize park facilities for local families and maintain a calm park atmosphere. Supporters of pickleball highlighted its popularity, accessibility for all ages, and social benefits. Through the feedback form, the City received 31 requests for pickleball and 27 requests for dedicated pickleball courts.
Key Features	On the feedback form, respondents were asked which features they liked the most. Most (75 out of 95 respondents) chose the Central Park Hub, highlighting the fenced spray park, combined washroom and fieldhouse, and multi-use games area. The Community Plaza followed with 52 responses, while accessibility improvements throughout the park received 45 responses.
Other Features	Eight participants emphasized the importance of protecting existing mature trees that give the park its natural charm. Others requested more seating, including benches, picnic areas, and shaded seating throughout the park and near 114 Street.
Respondent's Connection to the Park	Most respondents (84 responses) said they live near the park. Many also visit for events such as picnics (43 responses) or to play sports (32 responses). Additional respondents shared they work nearby (12 responses), own a nearby business (3 responses), or selected "other" (19 responses). Some who selected "other" mentioned their connection to the school nearby.

Key Dates

The engagement period took place between September 4 and October 6, 2025.

Date	Activity
Sep 4	Letter to residents
Sep 5	Launch of Let's Talk Delta project page and feedback form opens

October 3, 2025

To Ms. Danielle Rancourt and Mr. Doug Rose

Enclosed is a petition signed by 257 residents of Annieville that was collected over the last couple of weeks.

During my discussions with many residents about the problem of putting outdoor pickleball courts in the Annieville Lions Park, a number of them asked me if I was planning on putting together a petition. Realizing that this would be the best way to to communicate our stand on this issue, I decided to take the plunge. The degree of support for this petition has been enormous.

Please consider that all of the people in our neighbourhood who have signed this petition did so in the belief that building outdoor pickleball courts in this park would be a mistake and be at odds with the family park that Annieville Lions Park has always been.

Sincerely,

Brigitte Tulp

Brigitte Tulp

CC: Mayor and Council

Stop the proposed constuction of pickleball courts at Annieville Lions Park

We, the undersigned residents of the Annieville neighbourhood of North Delta signify with this petition that we do not want outdoor pickleball courts constructed in the Annieville Lions Park. Pickleball creates a loud repetitive and continuous sound which will negatively impact our quality of life whether we are working outside, dining on our patio, walking our dog or enjoying the park which has always been a family park. We request that the city remove the four pickleball courts from the "Annieville Lions Park Master Plan" and proceed to find a more appropriate remote location or provide an indoor facility.

Stop proposed construction of pickball court at Anyville Lions Park

We, as residents of the Annieville area of Northern Delta, make it clear through this petition that we do not want to make an external pickleball court at Annieville Lions Park. Pickleball leads to loud, frequent coming and frequent sounds, which will have a negative effect on our standard of living, whether we are working outside, eating in our courtyard, having your dog walking or enjoying the park that has always been a family park. We request that the Municipal Corporation remove four pickleball courts from "Annieville Lions Park Master Plan" and seek any more suitable remote location or provide an indoor facility.

ਅਸੀਂ, ਉੱਤਰੀ ਡੈਲਟਾ ਦੇ ਐਨੀਵਿਲ ਖੇਤਰ ਦੇ ਵਸਨੀਕਾਂ ਵਜੋਂ, ਇਸ ਪਟੀਸ਼ਨ ਦੁਆਰਾ ਇਸਨੂੰ ਸਪੱਸ਼ਟ ਕਰੋ ਕਿ ਅਸੀਂ ਕਿਸੇ ਵੀਵਿਲ ਲਾਇਨਜ਼ ਪਾਰਕ ਵਿਖੇ ਬਾਹਰੀ ਪਿਕਬਾਲ ਕੋਰਟ ਨਹੀਂ ਬਣਾਉਣਾ ਚਾਹੁੰਦੇ. ਪਿਕਲਬਾਲ ਉੱਚੀ, ਅਕਸਰ ਆਉਣ ਵਾਲੀਆਂ ਅਤੇ ਅਕਸਰ ਆਵਾਜ਼ਾਂ, ਜਿਸਦਾ ਸਾਡੇ ਘਰ ਦੇ ਮਿਆਰਾਂ 'ਤੇ ਖਾਣਾ ਪੈਂਦਾ ਹੈ, ਭਾਵੇਂ ਅਸੀਂ ਹਮੇਸ਼ਾ ਇਕ ਪਰਿਵਾਰਕ ਪਾਰਕ ਦਾ ਆਨੰਦ ਲੈ ਰਹੇ ਹਾਂ. ਅਸੀਂ ਬੇਨਤੀ ਕਰਦੇ ਹਾਂ ਕਿ ਮਿ municipal ਸਪਲ ਕਾਰਪੋਰੇਸ਼ਨ "ਐਨੀਵਿਲੇ ਲਾਇਨਜ਼ ਪਾਰਕ ਮਾਸਟਰ ਪਲਾਨ" ਤੋਂ ਚਾਰ ਅਚਾਰਬਾਲ ਦੀਆਂ ਅਦਾਲਤਾਂ ਨੂੰ ਹਟਾਉਂਦੇ ਹਨ ਅਤੇ ਕਿਸੇ ਵੀ ਤਰ੍ਹਾਂ ਦੀ ਰਿਮੋਟ ਟਿਕਾਣਾ ਭਾਲਦੇ ਹਨ ਜਾਂ ਇਕ ਅੰਦਰੂਨੀ ਸਹੂਲਤ ਪ੍ਰਦਾਨ ਕਰਦੇ ਹਨ

Stop the proposed construction of pickleball courts at Annieville Lions Park

We, the undersigned residents of the Annieville neighbourhood of North Delta signify with this petition that we do not want outdoor pickleball courts constructed in the Annieville Lions Park. Pickleball creates a loud repetitive and continuous sound which will negatively impact our quality of life whether we are working outside, dining on our patio, walking our dog or enjoying the park which has always been a family park. We request that the city remove the four pickleball courts from the "Annieville Lions Park Master Plan" and proceed to find a more appropriate remote location or provide an indoor facility.

Stop proposed construction of pickball court at Anyville Lions Park

We, as residents of the Annieville area of Northern Delta, make it clear through this petition that we do not want to make an external pickleball court at Annieville Lions Park. Pickleball leads to loud, frequent coming and frequent sounds, which will have a negative effect on our standard of living, whether we are working outside, eating in our courtyard, having your dog walking or enjoying the park that has always been a family park. We request that the Municipal Corporation remove four pickleball courts from "Annieville Lions Park Master Plan" and seek any more suitable remote location or provide an indoor facility.

ਅਸੀਂ, ਉੱਤਰੀ ਡੈਲਟਾ ਦੇ ਐਨੀਵਿਲ ਖੇਤਰ ਦੇ ਵਸਨੀਕਾਂ ਵਜੋਂ, ਇਸ ਪਟੀਸ਼ਨ ਦੁਆਰਾ ਇਸਨੂੰ ਸਪੱਸ਼ਟ ਕਰੋ ਕਿ ਅਸੀਂ ਕਿਸੇ ਵੀਵਿਲ ਲਾਇਨਜ਼ ਪਾਰਕ ਵਿਖੇ ਬਾਹਰੀ ਪਿਕਬਾਲ ਕੋਰਟ ਨਹੀਂ ਬਣਾਉਣਾ ਚਾਹੁੰਦੇ. ਪਿਕਲਬਾਲ ਉੱਚੀ, ਅਕਸਰ ਆਉਣ ਵਾਲੀਆਂ ਅਤੇ ਅਕਸਰ ਆਵਾਜ਼ਾਂ, ਜਿਸਦਾ ਸਾਡੇ ਘਰ ਦੇ ਮਿਆਰਾਂ 'ਤੇ ਖਾਣਾ ਪੈਂਦਾ ਹੈ, ਭਾਵੇਂ ਅਸੀਂ ਹਮੇਸ਼ਾ ਇਕ ਪਰਿਵਾਰਕ ਪਾਰਕ ਦਾ ਆਨੰਦ ਲੈ ਰਹੇ ਹਾਂ. ਅਸੀਂ ਬੇਨਤੀ ਕਰਦੇ ਹਾਂ ਕਿ ਮਿ municipal ਸਪਲ ਕਾਰਪੋਰੇਸ਼ਨ "ਐਨੀਵਿਲੇ ਲਾਇਨਜ਼ ਪਾਰਕ ਮਾਸਟਰ ਪਲਾਨ" ਤੋਂ ਚਾਰ ਅਚਾਰਬਾਲ ਦੀਆਂ ਅਦਾਲਤਾਂ ਨੂੰ ਹਟਾਉਂਦੇ ਹਨ ਅਤੇ ਕਿਸੇ ਵੀ ਤਰ੍ਹਾਂ ਦੀ ਰਿਮੋਟ ਟਿਕਾਣਾ ਭਾਲਦੇ ਹਨ ਜਾਂ ਇਕ ਅੰਦਰੂਨੀ ਸਹੂਲਤ ਪ੍ਰਦਾਨ ਕਰਦੇ ਹਨ

हम, उत्तरी डेल्टा के एनीविले इलाके के हस्ताक्षरकर्ता निवासी, इस याचिका के माध्यम से यह स्पष्ट करते हैं कि हम एनीविले लायंस पार्क में बाहरी पिकलबॉल कोर्ट नहीं बनवाना चाहते। पिकलबॉल से तेज़, बार-बार आने वाली और लगातार आवाज़ निकलती है, जिसका हमारे जीवन स्तर पर नकारात्मक प्रभाव पड़ेगा, चाहे हम बाहर काम कर रहे हों, अपने आँगन में खाना खा रहे हों, अपने कुत्ते को टहला रहे हों या उस पार्क का आनंद ले रहे हों जो हमेशा से एक पारिवारिक पार्क रहा है। हम अनुरोध करते हैं कि नगर निगम "एनीविले लायंस पार्क मास्टर प्लान" से चार पिकलबॉल कोर्ट हटा दे और किसी अधिक उपयुक्त दूरस्थ स्थान की तलाश करे या कोई इनडोर सुविधा प्रदान करे।
