

S.O.S.

Save Our Store

The City of Delta is purchasing the building where our business is located.
The Delta council has voted to force us out within 6 months.

We have asked the City of Delta as well the Mayor and Council to extend the amount of time we have left in this location.

We are currently unable to find a new location for our business and are afraid that we may need to leave Ladner Village or close entirely.
We hope that having an extension of 1 year will allow us to wait for the new retail spaces that are coming to the village
or another suitable location in the Village that our business has been in for the last 30 years.

Please add your name and address to this Petition

Show your support and let council know you want us to stay in our current location for another year or more
